

The Music & Dance program was started in Mumbai in the year 2006. It was with the intention to make music and dance a part of the lives of the children in the residential shelter program.

The program is unique and an integral part of the residential shelter program in Mumbai and Andhra Pradesh.

In addition to the above, we have partnered with Cricket Australia's spearhead, Brett Lee, to set up a Music and Dance program in the residential shelter program in Mumbai and Andhra Pradesh.
